1.INTRODUCTION : BBK “DAJ KRUG” Bihac is a sports organization with its headquarters located in Bihac.

The club is made up of over 100 members which are divided into 5 age categories in the racing team.

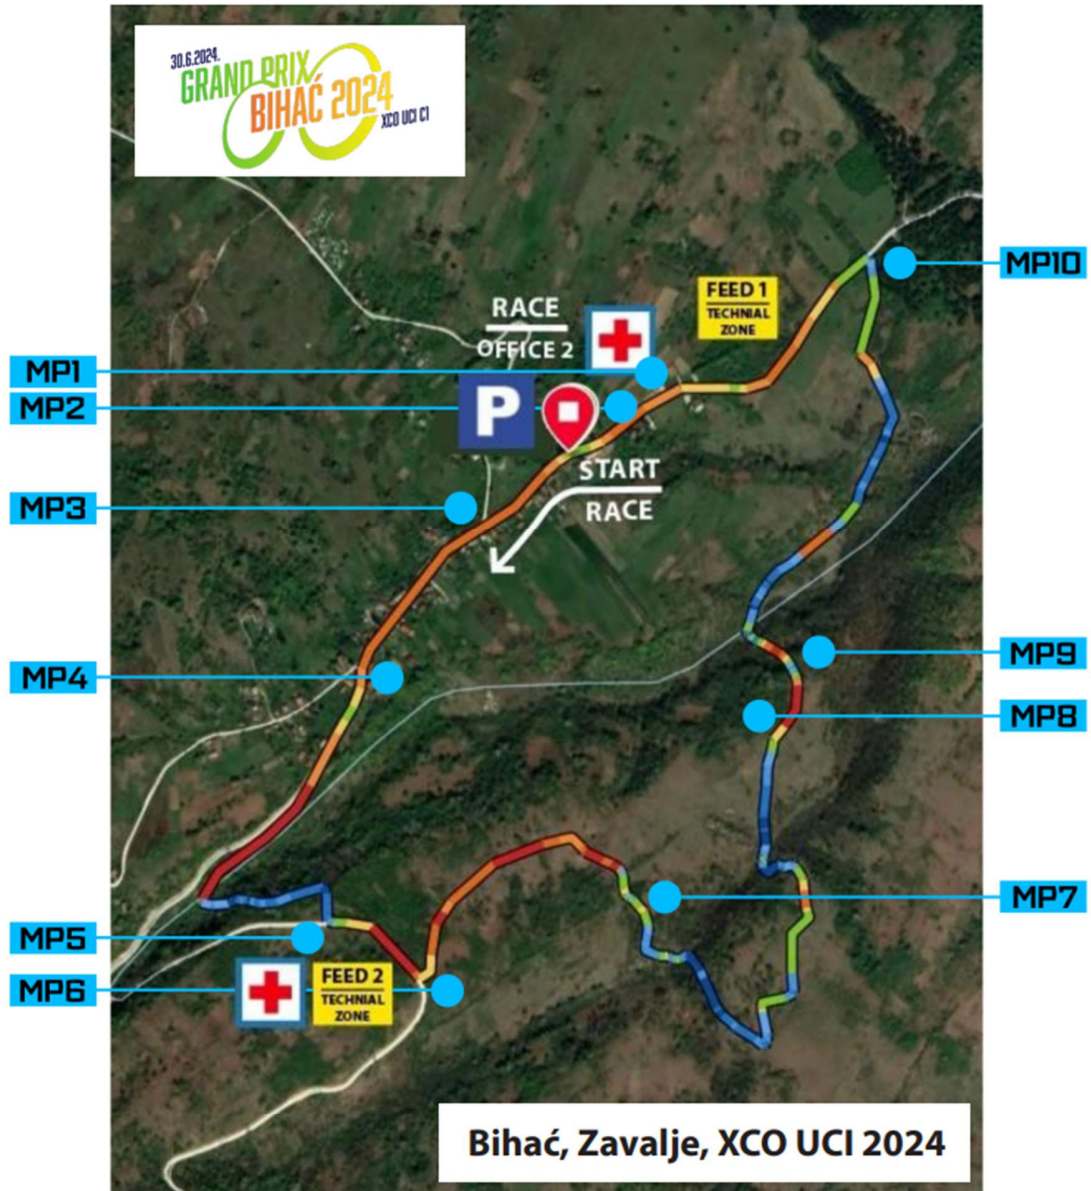

Since 2008, when the club was founded, we have organized a large number of national and international sporting events. Some of the most popular are races from BiHs MTB premier league, BiHs championship in the XCO discipline 2020, the BALKAN CHAMPIONSHIPS 2021, the GRAND PRIX BIHAC 2022, and most recently the GRAND PRIX BIHAC 2023. BBK “DAJ KRUG” is especially committed to the development of cycling tourism in this part of the country. Through the organization of recreational events, they are actively promoting tourist potential and the national park “Una”.

2.DESCRPTION & TECHNICAL CHARACTERISTICS OF THE TRACK : The circular (XCO) track is located on Zavalje – a village in Bihac u gradu Bihac in the sub-Pljesevica zone. The track is 4.300 m long with an elevation of 139m per round and is mostly made up of soil. It is located at 340m above sea-level. A large part of the track leads through forest areas. The main characteristic of the track is that it is „single track“, which in selected areas has very technical parts like the “rock garden”, the “drops”, descents and similar. In the case of bad weather, a large part will be driven on soft terrain and mud.

3. BASIC INFORMATION ABOUT THE MICRO & MACRO LOCATION (CANTON-CITY):

The city of Bihac is located in the north-west part of Bosnia and Herzegovina and serves as the administrative headquarters of the Unsko-sanski canton or Canton 1 of the Federation of BiH.

The city of beautiful nature and hospitality lies on the shores of the river Una, in the valley of the mountain Pljesevica which forms the border to the Republic of Croatia.

Bihac is one of the few cities in Bosnia and Herzegovina which despite urbanization managed to keep the original town-walls that formed the backbone of the former fortress Bihac. 1260. Was the first time it was mentioned in a document of the Hungarian king Bela IV.

The old walls are surrounded by the river Una and its sleeve. Together they form the island “Otok sv. Ladislava” (“Island of St. Ladislav”).

Rules for the race:

- All possible changes and deviations will be published on the bulletin board of the race visible to all competitors. Every team, team leader and competitor are obligated to inform themselves about possible changes. The official Facebook-site will also have a virtual bulletin board which will be updated frequently.
- The propositions follow the general UCI-rules, BiSaBIH-rules, and specific regulations for mountain biking.
- Five (5) minutes before the start of the race access to all starting positions will be forbidden!
- Every contender that has been overtaken by the fastest contender will be eliminated from the race.
- Every contender will have to be in their given box at least 15min before the start of the race. Every box will be marked for each category.
- Every unauthorized aid to the drivers of the race will be followed by disqualification.
- Every distance, elevation, track type, waypoint, crossings, feed and technical zone, and time period for assisting will be marked accordingly.
- The race book reports about the neutralization of the start and finish point as well as the distance of the neutralized part and the added time between the finish line and the control points. This book is informative and is not required to follow every phase of the race.

Route;

- The route is marked according to UCI rules, especially on important parts of the route like crossings, roads or dangerous parts on both sides of the track.
- The route includes very demanding technical parts. It is the contenders responsibility to decide whether they're capable of driving the race or not.

The organizer is not responsible for accidents in connection with the drivers capability or skill level.

- At control points the inspector writes down the starting number and the time of passing for every contender.
- Any skipping of waypoints will lead to disqualification

- The time per lap is 15-20 min.
- The number of laps depends on the categories of the drivers.

Zones for food and technical assistance

- **Zones for food and technical assistance are marked according to the guidelines and are located at two locations. It is the team's responsibility to provide adequate food and technical assistance.**

Marking;

- **The course is marked with arrows and tapes. It doesn't require electronic editing.**
- **Every kilometer will be marked with the distance to the finish line.**

Unforeseen events;

- **The race commissioner and director can decide to end the race.**
- **The track can be rerouted through alternative points that have been selected by the organizer and or commissioner.**

Withdrawal;

- **Contenders that withdraw from the race have to give notice to the organizers and referee as soon as possible.**
- **Not giving notice on time will lead to disqualification.**
- **In the case of an accident or emergency, and taking the safety of the contenders in account, the organizer has the right to withdraw a contender from the race.**

Results;

- Results of the race are staggered in line with the times it takes to finish a race plus time penalties.
- The total amounts of time for finished races and time penalties establishes placement.
- The following results were established:
- A list of results will be made for UCI Junior and Elite men and women so that these contenders can receive UCI points and a cash reward.
- All contenders will receive a chip for electronic time tracking.
